

Cyber Apps World Inc. (OTC Markets: CYAP) announces the 5th round of Beta Testing of its LytSpid Real-Time Automated Delivery App

LAS VEGAS, NV, June 16, 2022 - [Cyber Apps World Inc. \(CYAP\)](https://cyberappsworld.com) is pleased to announce that it has completed the fifth round of beta testing of its real-time automated delivery app LytSpid, formerly known as Friendly and Fast.

Click the link <https://cyberappsworld.com/investors/> to see a video and the corresponding data of the beta testing.

The real-world beta testing that occurred in India under the brand name “Jaldime” included evaluating and refining the LytSpid app to ensure its functionality with businesses, drivers, and consumers. President, Mohammed Irfan Rafimiya Kazi, stated, “We are very excited as we get closer to being able to launch the Delivery App.”

LytSpid is the next generation of local delivery service. This App is affordable, and business, consumer and delivery friendly.

LytSpid’s unique features give Cyber Apps a competitive edge that could transform the manner in which delivery applications should operate. Through the use of automation and increased efficiency, our updated application, LytSpid, allows restaurants to offer customers reasonable prices without hurting their profit margin in the way that traditional delivery applications have operated. Restaurants, drivers, customers and LytSpid benefit as a result.

LytSpid’s unique features include:

- Everything is calculated in real-time
- The delivery staff are paid in real-time
- The restaurants are paid in real-time
- The sales taxes get paid without additional administration costs
- Restaurant cash flow is improved
- Transparent and honest billing for the customer
- A worldwide application that can operate in any city in the world.
- LytSpid knows its profits in real-time

We once again invite you see these feature in the video. <https://cyberappsworld.com/investors/>
